CRANE  
CIDERY®**

**INDEPENDENT CIDERY - PRODUCED BY HERRLJUNGA CIDER AB**

*Cocky Crane Cidery is a Swedish independent cidery from western Sweden. Each bottle contains handpicked apples that are crushed and fermented in our pressery. Some of our ciders are plain, some flavored with juices and some just fermented with hops. Not far from the cidery, thousands of cranes land each year to rest and recover before they will travel on.*
